

ANNUAL REPORT 2025

**HERE ARE SOME SNAPSHOTS OF
SOUND LIFE'S WORK THIS YEAR...**

Soundlifeglobal

DEAR FRIENDS,

It is with great joy and gratitude that I write this annual report to you, my dear friends and spiritual family in Christ. Without your prayers, generous support, and the faithful partnership of the Sound Life ministry team, the vision and mission God entrusted to us would not have been possible.

By the Lord's leading, my wife, April, and I started Sound Life in 2022. During these years, God has graciously expanded and blessed our relationships across many countries, especially in Canada and among Persian-speaking Christian leaders around the world. Over the past four years, we have had the privilege of serving the global Persian-speaking Christian community by producing and sharing a wide range of Christian resources through various avenues, including book translations, podcasts, media programs and educational videos, leadership training courses, and ministries focused on trauma healing and freedom for those in need.

This year, our efforts were focused on four key areas: discipleship, leadership development, book translation, and pastoral support for those in need. Significant and meaningful steps were taken particularly in the area of leadership development and the emotional health of Persian-speaking Christian leaders. By God's grace, we plan to focus more on supporting and equipping leaders in 2026. We firmly believe that the global Farsi-speaking Christian community has an urgent need for healthy leaders and genuine disciples of Christ, so that the next generation of Christians may grow strong and flourish.

Thank you to each of you for supporting the work of Sound Life and for standing alongside and championing Persian-speaking Christian leaders around the world. We are deeply grateful to be walking this journey together with you.

May the blessing of the Lord Jesus Christ be with you and all your household.

SERVING FARSI-SPEAKING CHURCH LEADERS

- We're serving Farsi-speaking church leaders and communities in **20+** countries scattered across the Middle East, Europe, Asia, and North America.
- We're currently providing ongoing pastoral care, discipleship, and leadership coaching to **60+** Persian ministry leaders and **8** Persian church teams, both inside Iran and globally across the diaspora.
- On average each year we spend **200+** hours offering pastoral counseling and care with leaders and believers. Beyond that we serve many more churches through partnership projects, in-person visits, and annual or semi-annual meetings. For example, in **2025** we traveled to serve ministry partners and Persian churches in the UK, Sweden, and Turkey.

WE TRANSLATED & PUBLISHED EXPERIENCING THE TRINITY

- As of August, we completed publication of **Darrell Johnson's** book *Experiencing the Trinity* in Farsi language! It's now available for free to Farsi-speaking church leaders and believers globally. So far it's been distributed to believers in **4** countries. This was made possible by partners like you who joined together to fund this project!

2020

LIVE CLASSES OVER ZOOM

- We also taught Live classes over Zoom with cohorts of **12 church leaders**. Recently we led a cohort about **Emotionally Healthy Leaders** (based on materials by Pete Scazzero) that challenged them to develop practices to become more healthy for serving in their contexts. Materials were adapted for Farsi language and Muslim background worldview.
- With a team of facilitators, we offered Farsi / Dari language **Trauma healing** groups over Zoom with Farsi speaking believers who are seeking healing for heart wounds. We partner with the American Bible Society's Trauma Healing Institute and their excellent materials to provide a safe, small group experience in their heart language

PODCASTS

- We offer Sound Life podcasts in Farsi language to better deliver teaching series to believers in areas with limited bandwidth or censored internet. So far it has been downloaded **2,684** times in **60** countries and **271** cities. These podcasts teach on practical topics like **Emotional Health, Healthy Leaders, Conflict Resolution, Marriage Health, and Financial Principles for Christians, Boundaries, Apologetics**, and more.

Podcasts can reach listeners in remote areas with poor bandwidth, so they can still access high quality content in audio format.

SOCIAL MEDIA PLATFORMS

On social media platforms, our team shares Biblical resources and robust teachings from the global church, subtitled into Farsi. We also produce original media content, including video discipleship programs and Live discussions with trusted pastors and ministry leaders. (YouTube, Telegram, Instagram, Facebook)

As an example, Sound Life's programming on our YouTube channel currently has **52.1K+** views, with **317** subscribers.
